Application No : DC/16/00295/FULL1
Date : 2nd June 2016

**TOWN AND COUNTRY PLANNING ACT 1990
THE TOWN AND COUNTRY PLANNING (DEVELOPMENT MANAGEMENT
PROCEDURE) (ENGLAND) ORDER 2015**

NOTIFICATION OF GRANT OF PLANNING PERMISSION

Take notice that the Council of the London Borough of Bromley, in exercise of its powers as local planning authority under the above Act, has **GRANTED** planning permission for the development, referred to in your application received on 22nd January 2016.

at : Upfield Hillbrow Road Bromley BR1 4JL

Proposal: Demolition of the existing four bedroom detached dwelling and the redevelopment to provide 6No. two bedroom flats.

Subject to the following conditions **and for the reasons set out below:-**

- 1 The development to which this permission relates must be begun not later than the expiration of 3 years, beginning with the date of this decision notice.

Reason: Section 91, Town and Country Planning Act 1990.

- 2 The development hereby permitted shall not be carried out otherwise than in complete accordance with the plans approved under this planning permission unless previously agreed in writing by the Local Planning Authority.

Reason: In order to comply with Policy BE1 of the Unitary Development Plan and in the interest of the visual and residential amenities of the area.

- 3 Details of the materials to be used for the external surfaces of the building shall be submitted to and approved in writing by the Local Planning Authority before any work is commenced. The works shall be carried out in accordance with the approved details.

Reason: In order to comply with Policy BE1 of the Unitary Development Plan and in the interest of the appearance of the building and the visual amenities of the area

- 4 Sample panels of facing brickwork showing the proposed colour, texture, facebond and pointing shall be provided on site and approved in writing by the Local Planning Authority before any work is commenced and the sample panels shall be retained on site until the work is completed. The facing brickwork of the development hereby permitted shall be carried out in accordance with the details of the approved sample panels.

Reason: In order to comply with Policy BE1 of the Unitary Development Plan and in the interest of the appearance of the building and the visual amenities of the area

- 5 Details of the windows (including rooflights and dormers where appropriate) including their materials, method of opening and drawings showing sections through mullions, transoms and glazing bars and sills, arches, lintels and reveals (including dimension of any recess) shall be submitted to and approved in writing by the Local Planning Authority before any work is commenced. The windows shall be installed in accordance with the approved details.

Reason: In order to comply with Policy BE1 of the Unitary Development Plan and in the interest of the appearance of the building and the visual amenities of the area.

- 6 Before commencement of the use of the land or building hereby permitted parking spaces and/or garages and turning space shall be completed in accordance with the approved details and thereafter shall be kept available for such use and no permitted development whether permitted by the Town and Country Planning (General Permitted Development) Order (England) 2015 (or any Order amending, revoking and re-enacting this Order) or not shall be carried out on the land or garages indicated or in such a position as to preclude vehicular access to the said land or garages.

Reason: In order to comply with Policy T3 of the Unitary Development Plan and to avoid development without adequate parking or garage provision, which is likely to lead to parking inconvenient to other road users and would be detrimental to amenities and prejudicial to road safety.

- 7 While the development hereby permitted is being carried out a suitable hardstanding shall be provided with wash-down facilities for cleaning the wheels of vehicles and any accidental accumulation of mud of the highway caused by such vehicles shall be removed without delay and in no circumstances be left behind at the end of the working day.

Reason: In the interest of pedestrian and vehicular safety and in order to comply with Policy T18 of the Unitary Development Plan.

- 8 Details of arrangements for storage of refuse and recyclable materials (including means of enclosure for the area concerned where necessary) shall be submitted to and approved in writing by the Local Planning Authority before any part of the development hereby permitted is commenced and the approved arrangements shall be completed before any part of the development hereby permitted is first occupied, and permanently retained thereafter.

Reason: In order to comply with Policy BE1 of the Unitary Development Plan and in order to provide adequate refuse storage facilities in a location which is acceptable from the residential and visual amenity aspects.

- 9 Before any part of the development hereby permitted is first occupied, bicycle parking (including covered storage facilities where appropriate) shall be provided at the site in accordance with details to be submitted to and approved in writing by the Local Planning Authority, and the bicycle parking/storage facilities shall be permanently retained thereafter.

Reason: In order to comply with Policy T7 of the Unitary Development Plan and Policy 6.9 of the London Plan and in order to provide adequate bicycle parking facilities at the site in the interest of reducing reliance on private car transport.

10 Details of a scheme to light the access drive and car parking areas hereby permitted shall be submitted to and approved in writing by the Local Planning Authority before the development hereby permitted is commenced. The approved scheme shall be self-certified to accord with BS 5489 - 1:2003 and be implemented before the development is first occupied and the lighting shall be permanently retained thereafter.

Reason: In order to comply with Policy T3 and Appendix II of the Unitary Development Plan in the interest of visual amenity and the safety of occupiers of and visitors to the development.

11 Prior to the commencement of the development hereby permitted, a survey of the condition of the road shall be submitted and agreed by the Local Planning Authority and any damage caused to the surface of the road during the construction phase of the development will be reinstated to a standard at least commensurate with its condition prior to the commencement of the development.

Reason: In the interests of pedestrian and vehicular safety and the amenities of the area and to accord with Policy T18 of the Unitary Development Plan.

12 Prior to the commencement of the development hereby permitted a Construction Management Plan shall be submitted to and approved in writing by the Local Planning Authority. The Plan shall include measures of how construction traffic can access the site safely and how potential traffic conflicts can be minimised; the route construction traffic shall follow for arriving at and leaving the site and the hours of operation, but shall not be limited to these. The Construction Management Plan shall be implemented in accordance with the agreed timescale and details.

Reason: In order to comply with Policy T5, T6, T7, T15, T16 & T18 of the Unitary Development Plan and in the interest of the amenities of the adjacent properties.

13 Surface water from private land shall not discharge on to the highway. Details of the drainage system for surface water drainage to prevent the discharge of surface water from private land on to the highway shall be submitted to and approved in writing by the Local Planning Authority prior to commencement of works. Before any part of the development hereby permitted is first occupied, the drainage system shall be completed in accordance with the approved details and shall be retained permanently thereafter.

Reason: To ensure satisfactory means of surface water drainage and to accord with Policy 4A.14 of the London Plan and Planning Policy Statement 25.

14 The application site is located within an Air Quality Management Area declared for NO_x: In order to minimise the impact of the development on local air quality any gas boilers must meet a dry NO_x emission rate of <40mg/kWh

Reason: To minimise the effect of the development on local air quality within an Air Quality Management Area in line with NPPF p124 and Policy 7.14 of the London Plan

15 An electric car charging point shall be provided to a minimum of 20% of car parking spaces with passive provision of electric charging capacity provided to an additional 20% of spaces

Reason: To minimise the effect of the development on local air quality within an Air Quality Management Area in line with NPPF p124 and Policies 6.13 and 7.14 of the London Plan

16 Details of a surface water drainage system (including storage facilities where necessary) shall be submitted to and approved in writing by the Local Planning Authority before any part of the

development hereby permitted is commenced and the approved system shall be completed before any part of the development hereby permitted is first occupied, and permanently retained thereafter.

Reason: To ensure satisfactory means of surface water drainage and to accord with Policy 5.12 of the London Plan

17 No development shall take place until details of drainage works have been submitted to and approved in writing by the Local Planning Authority, and drainage works shall be carried out in accordance with the approved details prior to first use of any dwelling. Prior to the submission of those details, an assessment shall be carried out into the potential for disposing of surface water by means of a sustainable drainage system in accordance with the principles of sustainable drainage systems set out in Annex F of PPS25, and the results of the assessment provided to the Local Planning Authority. Where a sustainable drainage system scheme (SuDS) is to be implemented, the submitted details shall:

i) provide information about the design storm period and intensity, the method employed to delay and control the surface water discharged from the site and the measures taken to prevent pollution of the receiving groundwater and / or surface waters;

ii) specify the responsibilities of each party for the implementation of the SuDS scheme, together with a timetable for that implementation; and

iii) provide a management and maintenance plan for the lifetime of the development, which shall include the arrangements for adoption by any public authority or statutory undertaker and any other arrangements to secure the operation of the scheme throughout its lifetime.

The scheme shall be implemented, maintained and managed in accordance with the approved details

Reason: To ensure satisfactory means of surface water drainage and to accord with Policy 5.13 of the London Plan

18 The development shall be implemented in accordance with the Arboricultural Integration Report and Tree Protection Plan submitted and approved as part of the planning application and under the supervision of a retained arboricultural specialist in order to ensure that the correct materials and techniques are employed.

REASON: To ensure that works are carried out according to good arboricultural practice and in the interests of the health and amenity of the trees to be retained around the perimeter of the site and to comply with Policy NE7 of the Unitary Development Plan.

19 Details of a scheme of landscaping, which shall include the materials of paved areas and other hard surfaces, shall be submitted to and approved in writing by the Local Planning Authority before the commencement of the development hereby permitted. The approved scheme shall be implemented in the first planting season following the first occupation of the buildings or the substantial completion of the development, whichever is the sooner. Any trees or plants which within a period of 5 years from the substantial completion of the development die, are removed or become seriously damaged or diseased shall be replaced in the next planting season with others of similar size and species to those originally planted. A landmark tree will need to be incorporated into the scheme.

REASON: In order to comply with Policy BE1 of the Unitary Development Plan and to secure a visually satisfactory setting for the development.

20 Details of the proposed slab levels of the building(s) and the existing site levels shall be submitted to and approved in writing by the Local Planning Authority before work commences and the development shall be completed strictly in accordance with the approved levels.

Reason: In order to comply with Policy BE1 of the Unitary Development Plan and in the interest of the visual and residential amenities of the area.

21 Details of the means of privacy screening for the balcony(ies) shall be submitted to and approved in writing by the Local Planning Authority before any work is commenced. The development shall be carried out in accordance with the approved details and permanently retained as such.

Reason: In order to comply with Policy BE1 of the Unitary Development Plan and in the interest of the appearance of the building and the visual amenities of the area.

22 Sample elevations and sections at 1:20 scale of windows and doors, balconies, parapets and eaves shall be submitted to and approved in writing by the Local Planning Authority before any work is commenced. The development shall be carried out in accordance with the approved details.

Reason: In order to comply with Policy BE1 of the Unitary Development Plan and in the interest of the appearance of the building and the visual amenities of the area.

23 (a) The development shall be constructed with a biodiversity living roof laid out in accordance with plan no 5462-PD-002 hereby approved and maintained thereafter.

(b) The living roofs and flat roofs shall not be used as an amenity or sitting out space of any kind whatsoever and shall only be used in the case of essential maintenance or repair, or escape in case of emergency.

Reason: To comply with Policies 5.10 Urban greening, 5.11 Green roofs and development site environs, 5.12 Flood risk management, 5.13 Sustainable Drainage and 7.19 Biodiversity and access to nature conservation in the London Plan (2015)

24 Before any part of the development hereby permitted is first occupied boundary enclosures of a height and type to be approved in writing by the Local Planning Authority shall be erected in such positions along the boundaries of the site(s) as shall be approved and shall be permanently retained thereafter.

Reason: In order to comply with Policy BE1 of the Unitary Development Plan and in the interest of visual amenity and the amenities of adjacent properties.

You are further informed that :

1 You are advised that this application may be liable for the payment of the Mayoral Community Infrastructure Levy under the Community Infrastructure Levy Regulations (2010) and the Planning Act 2008. The London Borough of Bromley is the Collecting Authority for the Mayor and this Levy is payable on the commencement of development (defined in Part 2, para 7 of the Community Infrastructure Levy Regulations (2010)). It is the responsibility of the owner and /or person(s) who have a material interest in the relevant land to pay the Levy (defined under Part 2, para 4(2) of the Community Infrastructure Levy Regulations (2010)).

If you fail to follow the payment procedure, the collecting authority may impose surcharges on this liability, take enforcement action, serve a stop notice to prohibit further development on the site and/or take action to recover the debt.

Further information about Community Infrastructure Levy can be found on attached information note and the Bromley website www.bromley.gov.uk/CIL

- 2 Before works commence, the Applicant is advised to contact the Pollution Team of Environmental Health & Trading Standards regarding compliance with the Control of Pollution Act 1974 and/or the Environmental Protection Act 1990. The Applicant should also ensure compliance with the Control of Pollution and Noise from Demolition and Construction Sites Code of Practice 2008 which is available on the Bromley web site.
If during the works on site any suspected contamination is encountered, Environmental Health should be contacted immediately. The contamination shall be fully assessed and an appropriate remediation scheme submitted to the Local Authority for approval in writing.
- 3 Given the status of Hillbrow Road as an unadopted street, the applicant should be advised via an informative attached to any permission that the condition of the section of the street to which the proposed development has a frontage should, at the end of development, be at least commensurate with that which existed prior to commencement of the development. The applicant should, therefore, also be advised that before any works connected with the proposed development are undertaken within the limits of the street, it will be necessary for them to obtain the agreement of the owner(s) of the sub-soil upon which Hillbrow Road is laid out.

Signed:

CHIEF PLANNER

On behalf of the London Borough of Bromley Council

YOUR ATTENTION IS DRAWN TO THE NOTES OVERLEAF

The Local Planning Authority is actively seeking to reduce the need to impose conditions. Any pre-commencement conditions imposed on this planning permission are necessary to ensure that the detail of the development to which they relate is carried out in a satisfactory manner and the submission of the information in relation to this is required before commencement as it would not be possible or desirable for this to happen at a later stage in relation to the specific reasons for imposing each condition.

To assist applicants the Local Planning Authority has produced policies and written guidance, all of which is available on the Council's website at www.bromley.gov.uk/planning. Through the provision of a pre-application advice service the Local Planning Authority encourages early engagement to resolve problems that can occur in relation to dealing with a planning application by providing clear guidance as to how the aims of the development plan can be achieved in a sustainable and appropriate manner in accordance with paragraphs 188 - 190 of the National Planning Policy Framework 2012.

Approvals with or without conditions, or refusals of applications for planning permission under the Town and Country Planning Act 1990 and the Town and Country Planning (General Development Procedure) Order 2015 (as amended) and applications for Listed Building and Conservation Area Consent under the Planning (Listed Buildings and Conservation Areas) Act 1990 (as amended)

If you disagree with the decision of the Local Planning Authority (LPA) to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, you may appeal to The Planning Inspectorate (PINS). This is an independent Executive Agency which provides fair and impartial decisions on appeals against LPA decisions on planning consents in accordance with Section 78 of the Town and Country Planning Act 1990 and for Listed Building and Conservation Area consents in accordance with Section 20 and 21 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

Appeals must be made within 12 weeks of the Decision Notice date for householder planning applications and within 6 months for any other application. They must be submitted on a form, which is obtainable from The Planning Inspectorate Temple Quay House, 2 The Square, Temple Quay Bristol BS1 6PN or online from <https://www.gov.uk/appeal-planning-decision>. If an enforcement notice is or has been served relating to the same or substantially the same development as in your application, then the time limit to appeal will expire 28 days after the enforcement notice is served – except that you will have a minimum of 28 days to appeal after the right of appeal begins and the time limit will expire no later than it would if there were no enforcement notice.

The Secretary of State (including PINS) is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the Local Planning Authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the Statutory requirements, to the provisions of the development order, and to any directions given under the order.

If planning permission, listed building or conservation area consent to develop land is refused, or granted subject to conditions, whether by the Local Planning Authority or by the Secretary of State (including PINS) on appeal, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the London Borough of Bromley a purchase notice requiring that the Council purchase his interest in the land in accordance with the provisions of Part VI Chapter 1 of the Town and Country Planning Act 1990 or in accordance with the provisions of Section 32 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

In certain circumstances, a claim may be made against the local planning authority for compensation, where permission or consent is refused, or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. These circumstances in which compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990 and in Section 27 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

Applications for Express Consent under the Town and Country Planning Act 1990 and the Town and Country Planning (Control of Advertisements) Regulations 2007

If you disagree with the decision of the local planning authority to refuse consent for the display of an advertisement or to grant consent subject to conditions, you may by notice served within 8 weeks of the receipt of this notice, or such longer period as the Secretary of State may agree, appeal to the Planning Inspectorate in accordance with the provision of Part 3 Section 17 of The Town and Country Planning (Control of Advertisements) Regulations 2007. Forms are available from The Planning Inspectorate Temple Quay House, 2 The Square, Temple Quay Bristol BS1 6PN or online from <https://www.gov.uk/appeal-planning-decision>.

Town and Country Planning Act 1990 (as amended). A Certificate of Lawfulness for an existing proposed use or development

If you are aggrieved by a refusal to grant, a Certificate of Lawfulness, you may appeal to the Planning Inspectorate under Section 195 and 196 of the Town and Country Planning Act 1990 (as amended).

AN IMPORTANT FOOTNOTE

Permission or approval referred to overleaf is confined to permission under the Town and Country Planning Act 1990, Planning (Listed Buildings and Conservation Areas) Act 1990, the Town and Country Planning General Development Order 2015 as amended, and the Town and Country Planning (Control of Advertisements) Regulations 2007, and does not obviate the necessity of compliance with any other enactment, by law, or other provision whatsoever or of obtaining from the appropriate authority or authorities any permission, Building Regulation, consent, approval or authorisation which may be required.

You are reminded that the Borough Council's permission does not modify or affect any personal or restrictive covenants, easement, etc., applying to or affecting either this or any other land or the rights of any persons (including the London Borough of Bromley Council) entitled to the benefits thereof or holding an interest in the property concerned in this development or in any adjoining property.

ACCESS FOR PEOPLE WITH DISABILITIES

Your attention is drawn to British Standard and Government advice concerning means of access for people with a disability. This advice applies to educational, recreational and retail premises as well as office, factories and business premises.

Community Infrastructure Levy (CIL) Information Note

This application is considered to be liable for the Mayor of London's Community Infrastructure Levy (CIL). The CIL is a planning charge levied on net additional floorspace arising from new developments or creation of new dwellings (including through a change of use) in order to fund infrastructure to support development in the local area. The Council acts as collecting authority for the Mayor of London who has a levy to raise money for transport Infrastructure in the London area.

The first step in the CIL process is to complete a CIL Additional Information Requirement Form or Form 5: Notice of Chargeable Development for permitted developments. All the forms underlined can be found at: <http://www.bromley.gov.uk/cil>

The CIL Team can calculate the CIL liability based on the information you provided for the planning application, however we are unable to discount existing floorspace that has been in continuous use without the above forms.

At the same time, Form 1: Assumption of Liability must be completed in order to produce a Liability Notice. This form tells us who is responsible for paying the CIL charge. If this form is not completed within two weeks of the issue of the planning decision notice, CIL liability will default to the landowner or applicant at a cost of £50. You may have already completed the forms above during the application process.

If you wish to apply for charitable or social housing relief then Form 2: Claiming Exemption or Relief should be submitted. If you are a 'self builder' who builds or commissions a home for their own occupation you may apply for exemption using Form 7: Self Build Exemption Claim Form: Part 1 for the entire home or Self Build Annex or Extension Claim Form. **Exemption forms must be submitted before commencement** of the development and will be granted relief upon receiving a Relief Decision Notice. The **Form 7: Self Build Exemption Claim Form Part 2 form must be submitted within six months of completion** or the levy will become payable.

The Council will serve a Liability Notice on the person(s) who have assumed liability to pay. It is the liable party's responsibility to notify the Council when commencement (demolition, digging for foundations and underground services and change of use) has started using Form 6: Commencement Notice. **Late notification of a commencement date will result in penalties such as the removal of eligibility for the self-build exemption, a 20% surcharge**, the removal of the 60 day payment period requiring immediate payment or CIL stop notices.

The Council will issue a Demand Notice to the liable person(s) setting out the total CIL amount payable on commencement of the development and the payment date. Please note the chargeable amount will be indexed linked. This notice will be emailed and/or posted to the liable person(s) via the contact details provided in Form 1: Assumption of Liability.

Our finance contractors will shortly afterwards send an invoice with a paying-in slip and information on payment methods following a Demand Notice. Non-payment and failure to comply with CIL procedures will result in surcharges.

The CIL liability will be registered as a local land charge against the land affected by the planning permission and will be revealed when a property search is made. CIL payment will make the charge on the register fulfilled.

Forms (underlined above) can be found at:

<http://www.planningportal.gov.uk/planning/applications/howtoapply/whattosubmit/cil>

For further information or if you have any questions regarding CIL please contact us at cil@bromley.gov.uk or on 020 8313 4974.
