

### **RVR Roads & Transport Rep Job Spec**

- Gather observations from members/residents regarding traffic issues in the RVR area, e.g. re parking, speeding, road traffic accidents, traffic routing, pedestrian safety.
- If appropriate, undertake surveys whether by seeking feedback from members/residents or by visual recording of those topics mentioned above.
- If pertinent, liaise with our LBB councillors regarding traffic issues, and seek appropriate resolutions to such issues.
- Report back to the regular RVR member meetings regarding the above matters.

Whilst not a specific requirement of the officer holder, I am also RVR's representative on the Shortlands & Park Langley Safer Neighbourhood Panel, at which traffic issues are included within the agenda and discussed with our local police officers and LBB councillors. Any pertinent comments are then included in feedback at the RVR member meetings.
