

To Development Control Committee in respect of meeting on 14th July 2020

1. With regard to Upwards Extension Permitted Development Rights, would the Council undertake to review relevant blocks of flats across the borough with a view to making an Article 4 Direction where any further Upwards Extension would lead to long-lasting and serious harm to the street scene
2. Cameron House, Highland Road, BR1 and Treversh Court and Townend Court, both of Grasmere Road, BR1, already impact on the view of the eastern Ravensbourne Valley ridge which is referred to in Bromley Local Plan under Policy 48, para 5.1.22. Would the council undertake to make an Article 4 Direction in respect of these properties in order to protect the view in accordance with Policy 48.

Thank you
